Open Mind Art Space showcases contemporary art from a diverse blend of talented emerging artists, and facilitates a curatorial process that allows its artists to create impactful work. Its mission is to inspire and challenge the local Los Angeles community by providing a comfortable, engaging space for reflection and dialogue. Open Mind also believes that art can be a powerful way to motivate positive change in people and the world as a whole. To show its support for organizations that reflect its values, the gallery has chosen to benefit a local non-profit arts organization called Give Kids Art, for this year's anniversary exhibition.

Give Kids Art is a registered 501(c)(3) non-profit organization based in Santa Monica that provides art programs to ignite creative exploration and self-expression in underserved children living in Los Angeles and beyond. Through a variety of opportunities and programs, Give Kids Art raises awareness to the significant value of creative expression and promotes its positive impact on social, emotional, and cognitive wellness. Give Kids Arts believes everyone deserves the opportunity to fearlessly discover, explore, and empower their innate artistic self. The organization aims to help participants develop stronger self-awareness, self-compassion, and creative self-care practices that they can carry through life with them to be more joyful, innovative, and emotionally-intelligent members of society.
